Simplify the Compliance Process

Easy FEC Filing

FEC rules and regulations are complicated, and filing can be intimidating. CrimsonFiler gives campaigns the confidence that reports are prepared and filed accurately.

➤ Sync with Crimson

Import your receipts and expenditures from Crimson into CrimsonFiler with the single click of a button. Push edits made in CrimsonFiler into Crimson.

➤ Automatically Calculate Reports

Enjoy the freedom to auto-recalculate your reports after each change or do it manually.

➤ Tailor Controls for your Campaign

Adjust cycle dates, customize the views of your expenditure line numbers, itemize based on committee needs, and adjust which line number itemizes based on aggregates and which line itemizes.

➤ Multi-task Between Unfiled Reports

CrimsonFiler provides you with the option of saving one report and jumping to another. All unfiled reports are easily retrieved from your Unfiled Report folder.

Simple 3-Step FEC Filing

1. Simple Questions

CrimsonFiler guides you through questions and generates the right report for you in the correct format for your filing period.

2. One-Click Imports

Import your receipts and expenditures with the single click of a button.

3. File

CrimsonFiler checks your work, generates your report, and files it with the FEC all in one swift move.
